

Claims	Exemplary Support in the Specification
72-74; 80-82; 88-90 (recombinant host cells, vectors, library)	
19; 27; 35; 43; 51; 59; 67; 75; 83; 91 (methods of making polypeptides using recited nucleic acid)	See the specification at, for example, page 9, line 12 to page 10, line 20.

No new matter is added.

Restriction Requirement

In the Office Action dated July 3, 2000, the Examiner set forth a Restriction Requirement requiring election of one of the following groups of claims:

- Group I: claims 1, 2, 4-7, 10 and 11, drawn to nucleic acids, cells, and vector comprising the nucleic acids;
- Group II: claim 8, drawn to a polypeptide;
- Group III: claim 9, drawn to an antibody specific for the polypeptide; and
- Group IV: claim 12, drawn to a method of detecting genes.

Applicants hereby elect to prosecute the claims of Group I, claims 1, 2, 4-7, 10 and 11, without traverse.

Applicants expressly reserve the right under 35 USC §121 to file a divisional application directed to the non-elected subject matter during the pendency of this application.

Applicants note that new claims 13-92 correspond to subject matter of the claims of Group I, and further add claims to a method of making a polypeptide using the recited nucleic acid.

Sequence Election Requirement Under MPEP §803.04

In addition to the Restriction Requirement, the Office Action further required a election of ten (10) sequences for examination in the elected Group. Applicants hereby elect to prosecute the polynucleotides having the sequences of SEQ ID NOS: 730, 731, 919, 972, 973, 1128, 1192, 1254, 1290, and 1492. The claims pending after entry of the amendments set forth above are now directed to these elected polynucleotides.

Atty Dkt. No.: 1487.002
USSN: 09/313.292

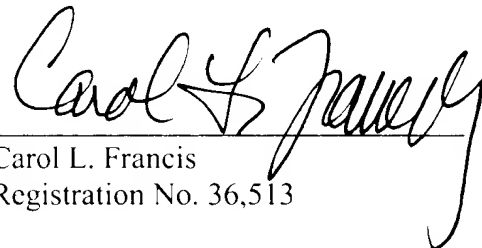

The claims which correspond to each of the elected sequences are summarized in the table below.

SEQ ID NO	Claims
730	13-20
731	21-28
919	29-36
972	37-44
973	45-52
1128	53-60
1192	61-68
1254	69-76
1290	77-84
1492	85-92

The Commissioner is hereby authorized to charge any fees under 37 C.F.R. §§1.16 and 1.17 which may be required by this paper, or to credit any overpayment, to Deposit Account No. 50-0815.

Respectfully submitted,
BOZICEVIC, FIELD & FRANCIS LLP

The deposits were accompanied by: ___ a scientific description _ a proposed taxonomic description indicated above. The deposits were received May 13, 1999 by this International Depository Authority and have been accepted.

AT YOUR REQUEST: X We will inform you of requests for the strains for 30 years.

The strains will be made available if a patent office signatory to the Budapest Treaty certifies one's right to receive, or if a U.S. Patent is issued citing the strains, and ATCC is instructed by the United States Patent & Trademark Office or the depositor to release said strains.

If the cultures should die or be destroyed during the effective term of the deposit, it shall be your responsibility to replace them with living cultures of the same.

The strains will be maintained for a period of at least 30 years from date of deposit, or five years after the most recent request for a sample, whichever is longer. The United States and many other countries are signatory to the Budapest Treaty.

The viability of the cultures cited above was tested May 18, 1999. On that date, the cultures were viable.
